

We take care of everything

Dovendi is a knowledge and sales portal. We work together with various partners, offering a range of services. If you don't have the time or expertise, we're here to help.

Here is how we can assist you:

Management

Let us manage your portfolio. We'll advise on cleaning up your files, follow up on questions, provide sales advice, periodic reporting and more. No more worries for you.

Mediation

Our team is happy to help with exclusive sales of premium domain names, offering your entire portfolio or conducting a search.

Advice

Whatever your reason is for needing advice, our experts are here to help. If we don't have the expertise, we will bring external help.

Auction

If you have names to sell but don't have enough time to manage or mediate, an auction may be the solution.

Valuation

Want to know the value of a domain name? Take advantage of our valuation service. We can evaluate a single top name or screen your entire portfolio, with advice included.

Purchase

If you have a domain name for sale or represent someone else, we will evaluate whether it is worth considering and advise you on your options.

Standard is custom

When we work together, we arrange everything tightly. We customize our standard services to meet your specific needs, with clear terms agreed upon in advance to avoid complications afterwards. We believe strongly in sharing knowledge and working together to deliver the best possible service for you or your client.

Interested in our services or becoming a partner?
Let's start with a cup of coffee together!
